ASHFORD HOSTING SERVICES AGREEMENT
Schedule B - Service Levels (excerpt)
Agreement number: AHS-2026-0447

B.1 Availability targets
Availability is measured per calendar month for each service.

Service	Monthly uptime target	Service credit if missed
Compute hosting	99.9 %	5 % of the monthly fee
Managed database	99.95 %	10 % of the monthly fee
Object storage	99.99 %	15 % of the monthly fee

Service credits are capped at 30 % of the total monthly fee and must be claimed within 60 days of the end of the affected month.

B.2 Support response times
Priority 1 (service unavailable): response within 30 minutes, 24x7.
Priority 2 (service degraded): response within 4 hours, 24x7.
Priority 3 (question or request): response within 2 business days.

B.3 Termination for persistent failure
The customer may terminate the agreement without penalty if a service misses its uptime target in three consecutive months.

B.4 Data return
Within 30 days of termination, Ashford will return all customer data in an open format and then delete it from its systems, including backups, within a further 90 days.
